

ARIZONA SENTINEL.

Yuma, Arizona

WEDNESDAY, JULY 1, 1903.

WEATHER REPORT.

For the week ending Tuesday, June 30, 1903.

Day of Week.	Relative Humidity.	Temperature.
Wednesday.	65	100
Thursday.	62	101
Friday.	75	100
Saturday.	82	100
Sunday.	84	102
Monday.	45	100
Tuesday.	49	101
Mean.	68	100

Deficient for the week, 6.0 inches.
Accumulated excess of temperature for week, 7 degrees.

S. HACKETT,
Official in Charge.

The Parisians ate 23,000 horses last year.

Received, 100 fancy Novelty parasols—no two alike—at the New York Store.

The United States light-house services cost \$4,500,000 a year.

Boys' knee pants in covert, crash, duck and chambray, at the New York Store.

Douglas has raised \$3,000 for a 4th of July celebration.

Received, 100 pieces fancy neck ribbon, at the New York Store.

James Milton was the successful bidder for construction of the town sewer.

Fifty dozen men's golf shirts, regular \$1.25 variety, for 50c at the New York Store.

Last year Arizona mines paid in dividends \$8,000,000, not counting the United Verde.

Received, 25 dozen U. S. army chambray shirts, at the New York Store.

The county board of equalization met today and will remain in continuous session until the 20th.

Men's mercerized pique underwear, recommended highly by all leading physicians, \$2.00 per suit at the New York Store.

Col. Wm. Griffith, superintendent of the prison, was a visitor in Tucson this week.

Fancy parasols at the New York Store.

The house of representatives costs \$3,000,000 a year and the senate \$1,400,000.

The famous Kentucky whisky, Rich land Rye at The Ruby. Sole agents.

Sheriff Scott White of Cochise county brought two white prisoners to the pen Monday.

If there is anything in the bakery line that can be made from flour or sugar, you'll find it at the Yuma Bakery postoffice corner.

Dr. E. B. Ketcherside made a hurried trip to Los Angeles last Saturday, returning Monday morning.

Call up phone 212 if you want to reach the Alpha Steam Laundry.

M. L. Poole returned last Wednesday from a mine inspection trip to the Altar district, Sonora, Mexico, where he owns some good properties.

Farm lands, town property, residences and all kinds of real estate bought, sold and rented by the Yuma Title Abstract Company, Bank of Yuma Building, Second Street.

John Rimpau is back from his purchasing trip to California, where he bought a large stock of very fine summer goods for his store.

Los Angeles Express! Best evening paper in the southwest. 50c per month. Delivered at your door. See Shorey about it.

Attorney Wupperman is in California, enjoying the ocean breezes at Santa Barbara.

Drink the original A. B. C. Bohemian Beer. Kept by all saloons. Thirty cents per bottle.

The Arizona state building at the World's Fair will cost \$2,500 and will be of Spanish and Moorish architecture.

If your spring wagon, buggy or carriage needs repairing, take it to DeTrier's Carriage shop, the only one in Yuma.

Friday last was the hottest day of the season. The thermometer registered 109 as shown by the government weather bureau report.

Tonini handles the Parker Jointless Fountain pen, the best there is made. The ink is carried directly to the point of the pen, and will not leak as most fountain pens do and soil the hands.

Our young friend, James Redondo, returned home yesterday from Altar, Sonora, having accompanied his wife there on a summer's visit to her parents.

The party which was to have been given for the benefit of the Yuma library fund has been postponed until the first week in September.

The exportation of manufactured goods from the United States has increased more than 100 per cent since 1895.

Citizens of Globe have subscribed \$1,000 to defray the expenses of a 4th of July celebration. A fine programme has been prepared and a grand time is assured all who attend.

The machine typesetters have revolutionized the mechanical work on newspapers, but the inventor of the electrical typesetter claims that his invention will cause a still greater revolution.

The Yuma Bakery's Milk Bread is conceded to be very fine. Try a loaf. Remember the place, postoffice corner, opposite Sanguinetti's. Some storekeepers may palm off Chinese bread on you, but insist on having Milk Bread baked by the Yuma Bakery.

Miss Bessie Munn, sister of Mrs. R. P. H. Laney, has gone to San Jacinto, Cal., for the summer.

Workmen Elect Officers.

Yuma lodge No. 7, A. O. U. W., held its regular semi-annual election of officers Tuesday night. The following were chosen:

Master Workman, W. H. Shorey—re-elected.
Foreman, Pete Munson.
Overseer, James Redondo.
Recorder, G. M. Thurlow—re-elected.
Financier, J. L. Redondo—re-elected.
Receiver, J. P. Yemen.
Guide, Donald McIntyre.
Inside Guard, J. H. Godfrey.
Outside Guard, W. R. English.
Trustee, F. L. Ewing.

Within the past six months Yuma lodge No. 7 has added twenty-five new members, and now has a total membership of 115. The lodge was organized nearly twenty years ago. It once had a hall of its own, but lost it in the flood of '91. The lodge is now prosperous, however, and in the next few months will build a hall to cost about \$7,000 on its lots near the Methodist church.

Counterfeit Gold.

The gold used in color printing and on the mirror and picture frames is not from the pure gold leaf, but is a composition of bronze and spelter. It resembles the genuine so closely that few people know the difference. To tell the difference between the genuine Hostetter's Stomach Bitters and the many imitations offered for it, some of which are put up in the empty Hostetter bottle, is to observe that the private stamp over the neck of the bottle is unbroken. Refuse all others if you value your health. The genuine has a record of fifty years of cures of such ailments as nausea, dizziness, flatulency, headache, heartburn, indigestion, dyspepsia, and malaria and fever and ague back of it. If you have never tried it do so today.

Advertised Letters.

List of letters remaining unclaimed in Yuma postoffice, week ending July 1, 1903:

Anderson, A. Bardet, J. J.—7
Brown, George Eddy, William
Gallego, F. Hernandez, P.
Maginnis, J. C. McConley, Jas. P.
Nahamerra, J. Prunt, John W.
Rogas, Francisco Salazar, Sasto
Ullola, Jose Ymeria, Jesus
Persons calling for above letters will please say "advertised."

R. H. CHANDLER, P. M.

There is more catarrh in this section of the country than all other diseases put together, and until the last two years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address
F. J. CHENEY & Co., Props. Toledo, O.
Sold by druggists, 75c.
Hall's Family Pills are the best.

Put in Good Word for Yuma.

Mr. A. H. Cargill and his daughter, Mrs. Harrison, paid a visit to their former home, Anaheim, Cal., last week, returning Monday morning. While in Anaheim Mr. Cargill spoke a good word for Yuma to the Gazette reporter, and is quoted as follows: "Yuma is prospering. Three large ditches from the Colorado river furnish water for the irrigation of a large tract of previously unoccupied land. Four hundred tons of hay will be raised in the Yuma valley this year, as well as seventy-five tons of barley. They have had all kinds of melons for weeks, and ship them by the car load to San Francisco and Los Angeles."

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure coughs and colds, la grippe, bronchitis and all throat and lung troubles. Price 50c and \$1. Trial bottles free at Ketcherside's drug store.

Death of Mrs. Myron H. McCord.

The wife of Col. Myron H. McCord died last Saturday at Long Beach, Cal., where she had been for her health for several weeks. Death resulted from heart disease. The remains were taken to Phoenix for interment, the funeral being held from the Presbyterian church in that city Tuesday morning.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Colusa, Calif., writes: "For 15 years I endured insufferable pain from rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles completely relieved and cured me." Just as good for liver and kidney troubles and general debility. Only 50c. Satisfaction guaranteed by E. B. and J. A. Ketcherside, druggists.

C. P. Cronin and F. L. Ewing have returned from a business trip to San Francisco.

COLORADO DELTA CANAL COMPANY.

A conference between representatives of the Colorado Delta Canal Company and the people of Yuma and Yuma valley was held at the court house Saturday afternoon, pursuant to published announcement of the company, and resulted in a stirring up of the irrigation question with reference to this company, which will be of benefit to all concerned.

An informal meeting was held in the morning at 10 o'clock, at which were present President H. W. Postlethwaite, Attorney A. Bernard, Secretary G. L. Bennett and Engineer R. H. Postlethwaite, representing the canal company, and quite a number of interested citizens.

The morning meeting was merely a preliminary to the afternoon meeting, and it had the effect of increasing the attendance on that occasion. President Postlethwaite, briefly explaining what the officers of the company were here for, and creating a very favorable impression. This meeting was presided over by Judge F. L. Ewing, W. J. Riley acting as secretary.

At 2 o'clock p. m. the meeting at the court house was called to order, P. T. Robertson being selected as chairman and Mrs. Mary A. Wupperman as secretary and stenographer. The court room was crowded. Mr. Postlethwaite made an extended speech in which he explained the plans and purposes of the company in detail, and was listened to closely and with evident interest. The canal company had a stenographer present and a verbatim report of the meeting was taken for the purpose of publication, but will not be ready for the printer until next week, when it will be published in this paper.

A committee consisting of Judge Thacker, A. D. Yocum and Col. Charles Ballance for Yuma valley; Judge F. L. Ewing for Yuma city, and R. S. Hatch for the upper valley, was appointed as representative of the different sections named to confer with the canal company regarding water contracts, etc. The meeting then adjourned, to be reconvened at the call of this committee.

President H. W. Postlethwaite, Secretary G. L. Bennett, Attorney A. Bernard and Engineer R. H. Postlethwaite of the Colorado Delta Canal Company left Sunday morning for San Francisco. These gentlemen stand high in the financial and business circles of San Francisco, and their visit to Yuma has strengthened the impression here that the enterprise which they are promoting in this valley is based on a solid foundation. The Sentinel believes that the plans of this company are not only feasible but that its purposes are fair and liberal toward the water users. Their visit has resulted in a better understanding of the intentions of the company and created a much stronger feeling of confidence in the stability of its management than has heretofore existed. Taking all things into consideration, we do not at this time believe that any farmer whose land can be irrigated by this canal can afford to ignore or discourage the propositions submitted by this company. If it may be deemed best for the water users to have some changes and modifications made in the company's terms, we believe this can be done, and in a manner satisfactory to all interests.

Ketcherside Will Buy it Back.

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. Ketcherside will refund your money if you are not satisfied after using it. It is everywhere admitted to be the most successful remedy in use for bowel complaints and the only one that never fails. It is pleasant, safe and reliable.

\$50,000 FIRE AT TUCSON.

Last Sunday morning Tucson experienced the most disastrous fire in several years. The San Xavier hotel and the St. Charles restaurant were burned and the Reilly Undertaking Company sustained a loss of \$1,500 to \$2,000. The total loss is estimated at over \$50,000. The hotel was owned by the Southern Pacific Railroad Company, whose loss is estimated at \$30,000. The hotel was under lease to Louis Jaeger of the Jaeger system of eating houses. His loss was \$15,000. The San Xavier was one of the best-known hotels in Arizona and was full of guests at the time of the fire. Some had narrow escapes from the flames. Very little was saved. Later in the day two smaller fires occurred, including the burning of three freight cars in the Southern Pacific Company's yards. If there had been a wind the entire Southern Pacific railroad depot and freight houses would have been destroyed, as it was impossible to secure any quantity of water from the city water system, owing to repairs and improvements that are being made, preventing the pumping of any considerable supply of water.

No Pity Shown.

"For years fate was after me continuously," writes F. A. Gullidge, Verbena, Ala. "I had a terrible case of piles causing 24 tumors. When all failed Bucklen's Arnica Salve cured me." Equally good for burns and all aches and pains. Only 25c at Ketcherside's drug store.

Capt. J. H. Godfrey returned Sunday from Los Angeles, where he had been for five weeks in the Sisters' hospital. It will be recalled that he was struck in the leg with a rock thrown by some cowardly brute during the switchmen's strike several weeks ago. Although the wound has healed Mr. Godfrey yet limps in walking, and it is thought most probable that the injury is permanent.

Announcement.

We have now moved into our new building and are ready to do a banking business in all of its branches. We buy and sell exchange of all kinds. We sell exchange on New York, Tucson (Arizona) and Los Angeles, thus covering the entire country. Our exchange rates are lower than postoffice money orders and afford the purchaser more protection. We have money to loan on good security for short time. We expect to deal in real estate and if you have anything to sell or wish to buy, we would be glad to have an opportunity to serve you. As our responsibility is not yet very well known to people who are residents of Yuma, we wish to state that we would be glad if they would make inquiries of Dun's or Bradstreet's Commercial Agency. Most of our money, outside of the paid up capital of this bank, is invested in eastern real estate, which is the safest and best kind of investment, as it can neither be destroyed nor does it fluctuate in value, and not being an incorporated institution we are liable for our full worth and are in no way protected by law as an incorporated bank would be.

Trusting that you may at some time see your way clear to give us a share of your business, we remain,
Very truly,
J. W. THORNTON & SON, Bankers.

Working Night and Day.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills change weakness into strength, listlessness into energy, brain-fog into mental power. They're wonderful in building up the health. Only 25c per box. Sold at Ketcherside's drug store.

Men and Teams Wanted.

Wanted, for railroad work, Leland Mine—
100 teams with harness, \$30.00 per month and feed.
500 men at the following prices:
Teamsters, \$40 per month and board.
Stockmen, \$3.50 per day of nine hours.
Carpenters, \$4 per day of nine hours.
White laborers, \$2 per day of ten hours.
Mexicans and Indians, \$1.75 per day of ten hours.
Board of men 75 cents per day.
Comfortable quarters furnished; cool nights.
Apply at office of Mohave & Milltown Ry. Co., Cottage Hotel Annex, Needles, California.

C. W. BROWN,
General Manager.

Notice.

To the Tax-Payers of Yuma County, A. T.
Office of the Board of Supervisors, Yuma, Arizona, June 24, A. D. 1903.
Notice is hereby given that I have this day received from the County Assessor the original assessment roll, and the original lists of property, for the year 1903, and that the same are now open to public inspection.

The Board of Supervisors will meet on Wednesday, July 1, 1903, as a Board of Equalization, to be in session from day to day until their work is completed, and not later than July 20.
Witness my hand this 24th day of June, A. D. 1903.

C. P. CUOIXIN,
Clerk of the Board of Supervisors, Yuma County, Arizona Territory.

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Notice.

Competent housekeeper wishes engagement with mining man or rancher. Good references. Reliable. Address E. J. E., Box 72, Banning, California.

Some of the public-spirited ladies of Yuma have established a free reading room in the building immediately north of the new Molina block on Main street, where may be found late newspapers, periodicals and magazines and a few books. This may be said to be the nucleus of what it is hoped will develop, though it may be slowly into a creditable public library. The ladies would doubtless be pleased to receive contributions of books, magazines, or other reputable literature, as there is no Carnegie fund to draw upon to boost the enterprise, which is a most laudable one. The leading spirit in the enterprise, Mrs. Dr. Bailey, ought to receive substantial encouragement in this progressive move.

The bids for construction of the new 10,000-ton battleships authorized by congress have been opened. The limit of cost was \$4,200,000 and the bids are only slightly under that figure. Nor is this strange, for the navy department and experts, under the direction of the committee, figured the cost of construction very closely, and made the limit as low as was safe. Had it been below \$4,000,000 it is probable no bids would have been received. The contractors want three and a half years to complete the work.

The following named officers of the Southern Pacific Company were in the city last Wednesday: J. Agler, manager, San Francisco; R. H. Ingram, superintendent, Los Angeles; C. C. Sroufe, superintendent, Tucson; T. McAuffrey, trainmaster, Los Angeles; J. G. Lindsay, trainmaster, Tucson; J. Tangle, roadmaster, Indio; R. Craig, roadmaster, Gila Bend. The party had just returned from an inspection of the 150 miles of new steel rail track recently completed to Yuma from the west.

Supervisor M. J. Nugent arrived from Kofa Friday morning and will remain in attendance on the board of equalization, which convened today and will remain in session until the 20th.

Get Rid of Scrofula.

Bonches, eruptions, inflammations, soreness of the glands and ears, disease of the bones, rickets, dyspepsia, catarrh, wasting, are only some of the troubles it causes. It is a very active evil, making havoc of the whole system.

Hood's Sarsaparilla
Eradicates it, cures all its manifestations, and builds up the whole system. Accept no substitute.

The Big River.

The Colorado river has reached a higher stage during the present rise than for several years. The highest mark registered was 27 feet 11 inches. This was not long maintained, but it has hovered between 27 and 28 feet for several days. The gauge showed 27 feet 6 inches this morning, and a falling river.

The results from the overflow in the lower end of the valley have been somewhat more serious than common during the high water periods, but no damage of extremely serious proportions has been done. The headgate of the Lady canal has stood the pressure well, showing that it was well planned and constructed. The necessity, however, for a substantial levee along the Colorado river has again been emphasized, and the question should again be taken up and no rest taken until one is constructed. Government help should be asked, and we believe if the question is properly and energetically handled, congress can be induced to give us an appropriation for the purpose this winter.

Building School House.

The Southern Pacific system is credited with a kindly action at Sentinel station, in the southwestern part of Maricopa county. There the railroad company, in pure philanthropy, has bound itself to build a school house and put it in shape for the reception of pupils by the beginning of the next school term. Heretofore the nearest school was Agua Caliente, fourteen miles distant.

No Water for Outside Parties.

Kofa, A. T., June 27, 1903.
Until further notice there will be no water for outside parties at Kofa.
THE KING OF ARIZONA CO.,
Wm. A. Pomeroy,
Superintendent.

The production of poultry and eggs is the most profitable of all industries. A hen can realize 400 per cent profit for her owner. The egg product in the United States amounts to more, when measured by dollars and cents, than the combined gold and silver product. The value of the combined poultry and egg product would be nearly double that of the precious metals and just six times that of the wool product.

Auditor Nichols and Citizen Member Truman, constituting the territorial board of control, were in Yuma Monday and opened bids for supplies for the territorial prison for the ensuing year. The members left Tuesday morning for Phoenix, where the awards will be made. The bids were more numerous than usual, and, in the aggregate, much lower than those of a year ago.

Undertakers test bodies to see if life is extinct by raising a blister with a match. If the blister is dry the body is dead; if it fills with water, life is not yet extinct. If the cut made for the embalming syringe bleeds, the body is alive. The only absolutely certain sign, however, is beginning decomposition.

The Southern Pacific railroad track over the desert portion between Los Angeles and Tucson is to be sprinkled with crude oil. This piece of road is the dirtiest of any on the system, and when sprinkled will be one of the cleanest.

Cash Smith and James Boxley paid the Sentinel office a friendly call on Friday last. Mr. Boxley is manager of the fine ranch known as the "Company ranch" in Yuma valley, now owned by L. N. Lassell of Martinez, Cal.

Word from Clifton tells that the damage to the mining railroads has been entirely repaired, that all trains are running on schedule time, and that the tramways are delivering their usual quantities of ore.

Col. Geo. W. Norton came in yesterday and returned in the evening to his Mohawk home. The colonel was so busy while here that the Sentinel failed to get any news pertaining to his section of the county.

The ladies of the Catholic church will sell ice cream and cake on the 4th of July in the new Barker building on Main street.

Joseph J. Roberts, a mining man from Prescott, is registered at the Gandolfo. Mrs. Alice Gurber of Chattanooga, Tenn., is in Yuma visiting her daughter, Mrs. M. A. Wupperman. Mrs. Gurber will remain here and keep house for her son, who is a railroad employe.

Want to play billiards or pool? Yes? Well, then, go the Wig-Wag.
Fine Job Work a specialty at this office.
When you come to town call at The Ruby and see the latest.

A. B. C. Beer is king of all beers. Sweet and wholesome brand—you can't help liking it—at Shorey's.

Complete line of Havana, Mexican and domestic cigars at Tonini's.

At the Old Plantation the specialties are—Old Plantation and Hopper's Rye whiskeys.

SHANSEY AND MONROE & CO.
Fine confectionery at Tonini's. Fresh from the factory.

If an editor makes a mistake he has to apologize for it, but if a doctor makes one he buries it. If the editor makes one there is a law suit, swearing and a smell of sulphur, but if the doctor makes one there is a funeral, cut flowers and a smell of varnish. The doctor can use a word a yard long without knowing what it means, but if the editor uses it he has to spell it. If the doctor goes to see another man's wife, he charges for the visit, but if the editor goes to see another man's wife he gets a charge of buckshot. Any old medical college can make a doctor, but can't make an editor. He has to be born. When a doctor gets drunk it's a case of "overcome by the heat," and if he dies it's heart trouble. When an editor gets drunk it's a case of too much booze and if he dies it's a case of delirium tremens.—Ex.

CONTINUED TWO WEEKS

In order to give my patrons, many of whom are preparing to leave for the Coast, the benefit of greatly reduced prices on articles they will require, I have decided to continue my Grand Clearance Sale two weeks longer, ending June 27. Prices will continue as advertised.
